Verification of Manually Entered Tax Information

The 2022 Federal Tax Information (FTI) for all contributors was successfully transferred to the student's 2425 FAFSA using the IRS Direct Data Exchange (DDX), but the student's spouse also manually entered the tax information on the FAFSA. Since the IRS already verified the FTI, the spouse must indicate the reason the 2022 tax information was entered manually on the 2425 FAFSA.

Instructions:

Select the option that best reflects your situation.

- My tax return filing status is Married Filing Jointly for the 2022 tax year, but I did not file a joint return with my current spouse, the student.
- My 2022 tax information no longer reflects my current financial situation (I have a reduction in income or loss of employment).
The student must contact the Office of Financial Aid at (813) 974-4700 to schedule an appointment for a Student Change in Circumstances.
- I made a mistake on the 2425 FAFSA. I authorize the Office of Financial Aid to delete the manually entered tax information on the student's 2425 FAFSA.
